### **TYCO ELECTRONICS' RECEPTACLES & CABLE ASSEMBLIES DESIGNED TO MEET VESA DISPLAYPORT SPECIFICATIONS**

HARRISBURG, Pa. – Jan. 7, 2007 – Tyco Electronics offers cable assemblies and receptacles that are designed to meet the VESA DisplayPort digital audio/video interconnect specification for both high and low bit rate cables. These new products enable high definition media content on computers and flat panels.

Cable assemblies are available in standard two-meter lengths (base part number 2013683), as well as 10 and 15 meter lengths for longer applications. Other custom lengths are available upon request. Also available are “direct drive” monitor cable assemblies for direct interconnect of DisplayPort equipped computer monitors where required.

Tyco Electronics' receptacles (base part number 2013655) for DisplayPort applications are available in a surface mount (SMT) design.

For more information on Tyco Electronics' product for DisplayPort applications, please contact Kent Kasuya at [kykasuya@tycoelectronics.com](mailto:kykasuya@tycoelectronics.com).

## **ABOUT TYCO ELECTRONICS**

Tyco Electronics Ltd. is a leading global provider of engineered electronic components, network solutions, wireless systems and undersea telecommunication systems, with fiscal 2007 sales of US\$13.5 billion to customers in more than 150 countries. We design, manufacture and market products for customers in industries from automotive, appliance and aerospace and defense to telecommunications, computers and consumer electronics. With approximately 8,000 engineers and worldwide manufacturing, sales and customer service capabilities, Tyco Electronics' commitment is our customers' advantage. More information on Tyco Electronics can be found at <http://www.tycoelectronics.com/>.
