

Tyco Electronics Corporation
A TE Connectivity company
PO Box 3608
Harrisburg, PA 17105-3608
www.te.com

Dear Valued Customer,

It has always been the policy of TE Connectivity to provide our customers with competitive products utilizing a global manufacturing base. After an extensive analysis of our TE Business unit operations, we are announcing a plan to simplify our manufacturing footprint.

On November 28th, 2012, TE Connectivity announced that our manufacturing facility in Singapore would close, and the manufacturing processes located there would be transferred to other TE Connectivity locations. We expect this transfer of products to be completed by the end of September 2013.

During this transition, we do not anticipate any disruption in shipments to our customers, or deviations to the high standards of quality we maintain.

Specific part details will be announced following the standard Product Change Notification (PCN) process at a later date. Should you have any questions or concerns, please contact your local sales support.

TE Connectivity thanks you for your business in the past and looks forward to supporting your future electrical and electronic interconnection needs.

A handwritten signature in black ink that reads 'Michael L. Dreyer'. The signature is written in a cursive style with a long, horizontal flourish extending to the right.

Michael Dreyer
Senior Vice President and General Manager, Consumer Devices Business Unit
