INTRODUCING

BUCHANAN WIREMATE CONNECTOR SURFACE MOUNT TB SERIES

- Allow for simple reflow soldering and faster PCB assembly through surface mount terminal blocks
- Help ensure secure PCB mounting through SMT retention features

TE Connectivity (TE)'s BUCHANAN WireMate connector surface mount TB series is a two-piece pluggable solution designed for customers seeking to switch to surface mounted versions of the traditional two-piece terminal block. Mating plugs are available, with the option for vertical or right angle versions in position sizes from 2 to 12 poles. These connectors allow for faster PCB assembly, and optional SMT retention features further ensure secure PCB mounting. The connectors have tin-plated copper alloy contacts, and the housing material has a UL 94 V-0 flammability rating.

KEY BENEFITS

- Allow for simple reflow soldering and faster PCB assembly through surface mount terminal blocks
- Help ensure secure PCB mounting through SMT Retention features
- Increase design flexibility with vertical or right angle versions

APPLICATIONS

- HVAC Equipment and Controls
- Industrial Controls
- Security Systems
- Industrial Lighting Solutions
- Elevator/Escalator

ELECTRICAL

- Current/Voltage Rating:
 - 3.5mm: 8A @ 300V
 - 5.0mm, 2-9 position: 15A @ 300V
 - 5.0mm, 10-12 position: 10A @ 300V
- Impulse Withstanding Voltage:
 - 2500 V

MECHANICAL

- Wire Gauge:
 - 3.5mm: 30-16 AWG
 - 5.0mm: 26-12 AWG

MATERIALS

- Housing Thermoplastic, Black (UL 94 V-0)
- Contact Copper Alloy, Tin Plated

STANDARDS & SPECIFICATIONS

• UL E60677
