

DESCRIPTION

PRODUCT COVERED:

* USR, CNR, Component - **HSSDC2** High Speed Serial Data Connector **2**; consisting of Receptacle and Plug Cable Assembly.

The connectors are intended for indoor use on data communication circuits.

***TECHNICAL CONSIDERATIONS:**

General - The connectors described in this Report are comprised of a plug connector assembly, which includes a printed circuit board terminated to a four conductor shielded cable. The data connector is a field installable unit in panels, wallplates, and free-standing data cables.

USR - Indicates Recognition to UL 1863, 1995 Edition.

CNR - Indicates investigation to the Canadian Standard.

CAN/CSA - C22.2 No. 182.4-M90, 1990 Edition.
