1. INTRODUCTION

This instruction sheet (IS) covers the selection and assembly of AMP 75-ohm RF Series BNC Solder Receptacle Connector 221244-1. Read these instructions thoroughly before starting assembly.

NOTE

All dimensions on this instruction sheet are in inches.

2. DESCRIPTION (Figure 1)

Each connector features a solder receptacle

assembly, a lockwasher terminal, and a jam nut.

3. ASSEMBLY PROCEDURE (Figure 3)

Make a panel cutout according to the dimensions in Figure 2; then proceed as follows:

1. Insert the threaded portion of the connector through the cutout.
2. Insert the lockwasher terminal and jam nut to secure the connector to other side of panel.
3. Solder the wire to the solder tabs using a standard hand soldering technique.
