EVERY CONNECTION COUNTS

## High-Performance Solutions . . . Save Space . . . Save Weight

### Nanominiature

#### NANONICS Nanominiature Connectors

Extreme density for maximum space savings

- 7, 19, and 44 positions
- Push-pull or threaded coupling
- Environmentally sealed

#### CeeLok FAS-T Nano Circular Connectors

10G speeds in a nanominiature connector

- 10 GbE capable 8-position connector
- Innovative T-shaped contact pattern reduces crosstalk and improves signal integrity
- Extreme space and weight savings

TE Connectivity offers a variety of small circular connectors ranging in size from ultraminiature to near-double-density 38999 styles. All are designed for rugged durability and space and weight savings.

To learn more, click on the product name. Or visit [www.te.com/adm/small-circulars](http://www.te.com/adm/small-circulars).

### Microminiature

#### Circular HD Connectors

Small, high-density, push-pull, self-locking, blind-mate circular I/O connectors

- 5 shell sizes ranging from 14 mm to 27 mm in diameter
- Contact counts from 2 to 40
- Push-pull self-locking mating interface

#### Metal-Shell Micro Circular Connectors

Wide range of options in a USB and Ethernet compatible connectors

- Bayonet, push-pull, or threaded coupling styles
- Pin and socket or spring probe contacts
- Signal only and hybrid signal/power versions

#### Wildcat Micro Connectors

Extreme temperature, vibration, fluid, and corrosion resistance in a high-density, lightweight connector

- 2 shell sizes, 3, 5, or 9 contacts
- Lightweight materials for space and weight savings
- Bayonet coupling or optional anti-vibration triple-start threaded

### Compact

#### CeeLok FAS-T Connectors

10G speeds in a compact, field terminable, field repairable connector

- 10 GbE capable 8-position connector
- Size 8 shell
- Innovative T-shaped contact pattern reduces crosstalk and improves signal integrity

#### Wildcat 38999 Connectors

Nearly twice the contact density of MIL-DTL-38999 connectors

- Use 38999 shells and accessories
- Fully sealed cable and mating interface
- Anti-vibration coupling

#### CeeLok FAS-X Connectors

One or four 10 GbE channels

- AS39029 contacts
- Fast field termination and repair, using standard tools
- Aluminum or composite shells
