### **Jimmy McDonald**

Vice President and  
Chief Supply Chain Officer

Jimmy McDonald has served as Vice President and Chief Supply Chain Officer for TE Connectivity since 2013. In this role, he is responsible for developing and implementing global procurement and logistics strategies to achieve business unit objectives. Essential to this role is ensuring that TE has identified the right supplier partnerships and delivers supplier performance across procured products and services.

Prior to joining to TE, Jimmy served as Vice President for Strategic Sourcing for Honeywell Aerospace. Prior to Honeywell, he held a range of diverse global supply chain roles at General Motors and Delphi where he operated in a variety of capacities in the United States and Asia, including procurement, supplier development, logistics, planning, labor relations and manufacturing.

Jimmy graduated from Oakland University in Rochester, Michigan with a Bachelor's degree in Business Administration and successfully completed the Executive Development Program at the Kellogg School of Business at Northwestern University.
