

BIOGRAPHY

Shad Kroeger

President,
Industrial Solutions

Shad Kroeger is President of the Industrial Solutions segment of TE Connectivity. This segment is comprised of the company's Automation & Connected Living sector as well as its Energy, Medical, Digital Data Networks, Channel, and Aerospace, Defense, & Marine business units. Shad is responsible for all aspects of the segment's strategy, growth, operations, and performance.

Prior to his current role, Shad served as President of TE's Communications Solutions segment from 2017-2020.

Since joining TE in 1995, Shad has held leadership positions in general management, strategy, product management, sales, and engineering. His roles have spanned the automotive, industrial, and consumer markets.

Shad holds a Masters of Business Administration from the Fuqua School of Business at Duke University and a Bachelor's degree in Mechanical Engineering from Iowa State University.
