

TE Connectivity offers a full catalog of high-voltage cell and module connectivity, switching, and Battery Management System Connector innovations that improve power-to-weight ratios, enhance safety, and enable overall state-of-health monitoring over the course of the vehicle's lifetime.

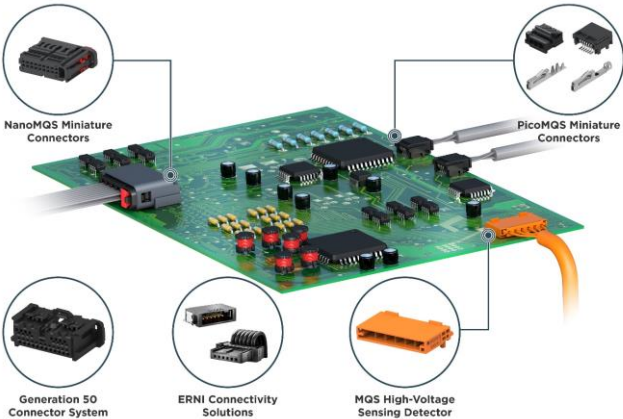

Battery System

Battery Disconnect Unit

Battery Management Controller

TE Components

Battery Disconnect Unit	Battery Management Controller
BCON+ Battery Connection System	Flexible Flat Cable (FFC) / Flexible Print Cable (FPC)
Contactors	MQS High Voltage Sensing Detector
Current Sensors	NanoMQS Miniature Connectors
HV Connection Systems	PicoMQS Miniature Connectors
