TE Connectivity Ltd.

September 21, 2020

Dear Channel Partner,

Improving TE Connectivity's (TE) on-time delivery performance to support your ability to fulfill customer requirements in a timely and consistent manner is one of our top priorities. To expand the availability of selected products with a history of infrequent demand from our Industrial Business Unit, we will be utilizing TE's master distributor, TTI, Inc. By partnering with TTI to stock these products, we can focus on improving our manufacturing efficiencies to accelerate availability to our mutual end customers. TTI is committed to stocking these products and will offer them to our authorized distributors at MOQs aligned to annual customer demand.

The list of selected TE parts can be downloaded here:

[https://www.te.com/content/dam/te-com/documents/channel/global/tti\\_ind\\_distributionpartnumbers.xlsx](https://www.te.com/content/dam/te-com/documents/channel/global/tti_ind_distributionpartnumbers.xlsx)

Contact information for TTI is as follows:

Region	Region	Region
North & South America	<a href="http://www.ttiinc.com">www.ttiinc.com</a>	<a href="mailto:sales@ttiinc.com">sales@ttiinc.com</a>
Europe & Africa	<a href="http://www.ttieurope.com">www.ttieurope.com</a>	<a href="mailto:sales@de.ttiinc.com">sales@de.ttiinc.com</a>

If you have any questions or need further clarification, please contact your TE account manager.

Thank you for your continued cooperation and support of TE Connectivity and the Industrial business unit's go-to-market strategy.

Sincerely,  
Sean Miller  
Vice President, Channel Sales  
TE Connectivity
