

OUR PRECISION MEASUREMENT,
AND REAL-TIME MONITORING
ARE ON THE

INSIDE

OUR SENSORS, YOUR ADVANTAGE.

TABLE OF CONTENTS

TE Connectivity (TE) is a global leader in sensor technology, offering innovative solutions for medical equipment, devices, probes, and sensor signals that are essential for control, precise diagnosis, and treatment. TE designs and manufactures sensors tailored to meet the demanding standards of medical applications. Our engineers provide comprehensive support, assisting with application-specific needs, as well as standard and custom requirements, from initial concept through to production.
